

What To Do After A Chemical Emergency

- In the unlikely event of a major chemical emergency that directly affects the City of Commerce, the City will activate its EOC and send an emergency telephone notification message to the specific areas of the city that have been affected.
- Return home only when authorities say it is safe. Local officials on the scene are the best source of information for your particular situation.
- Follow local instructions concerning the safety of food and water. Contaminated food or water can cause illness.
- Follow instructions from emergency officials concerning cleanup methods. Local officials will best know proper procedures for your particular situation.
- When the incident has had a major effect on the City of Commerce turn to cable channel 12 for specific information regarding city operations or go to www.ci.commerce.ca.us on the Internet. You can also turn your radio to AM 980 or AM 1070 for selected local reports.
