

Financial Assistance

Business Assistance for Green Manufacturers and Recycling Processors

The City of Commerce participates in the State of California's RMDZ Program administered through the County of Los Angeles to offer qualifying businesses up to \$2 million in low interest rate loans. The RMDZ provides financial, marketing, and technical assistance and can be used to purchase equipment and/or real estate, working capital, and debt financing.

Call (626) 458-3551, Monday - Thursday, 7:00 a.m. - 5:00 p.m. for more information or visit dpw.lacounty.gov/epd/RMDZ

Energy Savings

Transform energy into profits by going green. For more information on green products, buildings and plants, tax credits, appliance rebates, and recycling, visit:

energystar.gov (federal)
cash4appliances.org (state)
sce.com (Edison Co.)
socalgas.com (Gas Co.)
fypower.org
dsireusa.org
epa.gov/region9/climatechange/grants

Water Conservation

Save water,
Save energy,
Save money

To find water efficient products such as showerheads, toilets, urinals, sink faucets, irrigation controls, and rebates, visit:

epa.gov/watersense
energystar.gov
mwdsaveabuck.com

Fleet Resources

The United States Environmental Protection Agency (U.S. EPA) offers a website of information on products and services that reduce transportation-related emissions.

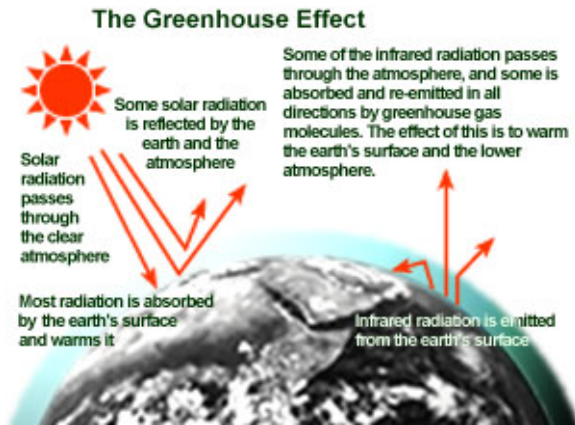

To find out how to buy a SmartWaySM vehicle or join the SmartWaySM Transport Partnership, which provides financing, technology solutions, and national recognition for your fleet, visit:

epa.gov/smartway

Waste Recycling

The City of Commerce encourages its businesses to reduce waste and recycle. Recyclers need to obtain a business license from the City. For more information on specific recycling services, contact your waste hauler or the City's Environmental Services Division to obtain a list of recyclers at (323) 722-4805. Recyclers can earn national recognition by joining: epa.gov/wastewise.com

Climate Change

The goal is to provide resources to all Californians to reduce their environmental impact and take action to stop climate change.

The *Small Business Toolkit* includes valuable resources to help California

businesses on their way to a cooler future.

For more information on potential money to get you started, visit: coolcalifornia.org/small-business-financial-resources

Trainings & Workshops

Take advantage of the following free resources for businesses to learn more about saving money and the environment:

Southern California Gas Company's Resource Center

9240 Firestone Blvd., Downey, CA.
socalgas.com/business/resource-center/ercHome.html
